WORMS! WORMS!! WORMS!!!

This remark to worms so one of all softs, from children and additis.

Thousands period by worms without the real coase-being known. Some other reason is assigned for the sickness, until too like worms the true cause.

What immenses exponsibility then rests upon the parent who does not know, and the dotter who does not understand the complaint which is distributing these precious flowers of life—children. What should be done?

The answer is plain. Give this Vermifage, which will be sure to do good, if they have no warms, and if they have it will destroy and readlicate with a certainty and perceion traly actonishing.

Remnant harm the small-st infant or the strongest adult. There is no mercary or mineral to it. Mercury is the basis of most worse to a new mercury or mineral to it. Mercury is the basis of most worse concluse, and the remedy is sometimes worse than the discovering the convinced on one trial that it is the most perfect care extensively.
